# **VOLUME OF TRADE**

### Rumors of Poor Business Outlook Caused Support to Fall Off.

NEW YORK, April 36.—The shrinknge of about half in the volume of today's stock market from that of yesterday was significant of the abatement in the demand for stocks. The
Feactionary tone at the same time was
more pronounced than yesterday. It
is well understood that the disclosures
in connection with the two latest stock
exchange failures have served to force
tovering by hears to an unusual exterms.

Of more active factors the most important was the rapid accumulation of
diel freight cars reported by the American Railway Association's committee.
The number of these on April 15th
(375,576) is pronounced the greatest
total in the history of American railroading.

total in the history of American railroading.
So emphatic an evidence of renewed
trade reaction did not pass unheeded in
speculative circles.
Amongst the less tangible influences
in the day's market was an impression,
sought to be created, that powerful
banking and financial interests which
have supported the market have
achieved the desired purpose of insuring the underwriting of proposed bond
issues and saw no further necessity for
fostering the rising tendency of prices.
Bonds were irregular. Total sales,
par value, \$3.175,000. United States
bonds were unchanged on call. Total
sales to-day of stocks, 580,500 shares.

NEW YORK. April 20.—Money on call easy, 1 3-4 m<sup>2</sup> per cent.; ruling rate, 1 3-4 per cent.; closing bid, 1 3-4, offered at 2 per cent. Time loans quiet but firm; sixty days. 2 1-2 per cent, and ninty days, 2 3-4 to 3 per cent; six months, 3 3-4 per cent. Prime mercantile paper, 4 m<sup>4</sup> 4 1-2 per cent. Stering exchange heavy with actual business in banker's bills at \$4.87 m<sup>2</sup> \$4.870 for demand, and at \$4.850 m<sup>2</sup> 55 for sixty-day bills. Commercial bills, \$4.84 1-4. Bar silver, 52 3-4. Mexican dollars, 47.

on the Evidence.

Statements prepared by the Tobacco Exchange yesterday showed that sales in the four warehouses for the month just ended amounted to 624.045 pounds, as against 423.135 pounds sold for the same month of last year. During the seven morths ending April 30th of this year 7.203.131 pounds were handled, showing an increase over the same period for last year of 123.392 pounds.

same period for last year of pounds.

The average price for all grades of tobacco sold during last month was \$10.84, and for the entire season \$9.25. Though the receipts for the seven months were heavier than for the same time last year, the weight for the entire season will hardly be as great. The quality of the offerings and the prices, hawever, have been much more satisfactory.

Application Refused by Judge Scott in Henrico Court-Squire Thomas Sends Up One.

While the Democrats of Brookland District, Henrico county, were overdoing the thing by electing two delegates to the Roanoke convention, when there should have been but one, Varina District, the abiding place of "Cyclone" Samuels and other celebrities, was sleeping serenely.

On the day after the upheaval at Yellow Tavern, when every one was discussing the matter of delegates and conventions, no tidings had then been received from the slumbering district. Yesterday it panned out, after due

received from the slumbering district.

Yesterday it panned out, after due inquiry on the part of those on the outside as well as many of the prominent ones in Varina, that the patriotic Democracy of that district had falled for some unaccountable reason to pull off the important event. At least that was the way of it as far as any of them knew, for if the meeting was held at all, it was on the "dead quiet," and if a delegate was elected, he has kept the news from the public.

Many remedies for the oversight have been suggested by resourceful politicians, among them the advisability of ending the dispute in Brookland by letting one of the surplus delegates from that district go to Roanoke as the representative from Varina, however, is a proud district, and would probably rather not be heard at all than to have an alien as its mouth-niece.
